

- Importance of Emotional Intelligence in Organizational Leadership
- Professional and Ethical Values for Leadership
- Employees' Well-being and Empowerment
- Scale of Emotional Competencies
- Inspiration through Transformational Leadership – Case Studies
- Work-Life Balance through perfect decision making in leadership

Eligibility

The faculty members of AICTE approved Institutions, Universities, research scholars; participants from Government, Industry (Bureaucrats/ Technicians/Industry experts etc.) and professionals from R&D labs. Number of participants is limited to 50.

There is no registration fee and selection of the participants will be on the first come first serve basis.

Resource Person

Sessions will be handled by eminent persons from reputed Institutions / Industries.

Registration

Registration must be done only through

<https://atalacademy.aicte-india.org/>

Choose December month, Select Management

For more information, kindly visit

<https://aralacademy.aicte-india.org/FAQs>

It is mandatory to attend the test that will be conducted in the last day of the FDP related to the topics covered. It is also mandatory for the participants to have a minimum of 80% attendance and 60% marks in the test to earn the certificate.

About the programme

This program on "Leadership Excellence and Emotional Intelligence" focuses on the inevitable traits of engineering professionals. Leaders need to create an empowering culture that encourages growth and recognizes individual achievements. Building this environment leads to increased employee satisfaction and productivity.

Emotional intelligence (otherwise known as emotional quotient or EQ) is the ability to understand, use, and manage our own emotions in a positive manner to relieve stress, communicate effectively, empathize with others, overcome challenges and defuse conflict. Emotional intelligence (EI) helps to build stronger relationships, succeed at work, and achieve our career and personal goals. Leaders set the tone of their organization. Mastering emotional intelligence, aids in advancing a leaders's career and his organization.

Topics covered

- Introduction to Leadership Excellence and Emotional Intelligence
- Key elements of Emotional Intelligence
- Understanding and Developing Emotional Intelligence
- Emotional Intelligence in Technical Management
- Measures of Emotional Intelligence and Leadership
- Emotional Intelligence in Leadership and Mental Health
- Successful Leadership styles and Leadership Models
- Key roles of Emotional Intelligence in Leadership
- Successful Leadership styles and Leadership Models

AICTE –Training and Learning (ATAL) Academy

The main objective of ATAL academy is to plan and help in imparting quality technical education in the country and to support technical institutions in fostering research, innovation and entrepreneurship through training in various emerging areas.

About The Institute

Rajalakshmi Engineering College, Chennai an autonomous institution affiliated to Anna University, Chennai, was established in the year 1997, under the aegis of Rajalakshmi Educational Trust, whose members have had consummate experience in the fields of education and industry. The College presently offers 19 Under Graduate and 9 Post Graduate programmes, with an annual intake of more than 2000 students. 10 of our departments are recognized as Research Centres of Anna University to conduct Ph.D. and M.S. (By Research) programmes and many scholars have obtained Ph.D. through these research centres. All the eligible programmes are accredited by NBA and the college is accredited by NAAC with the highest 'A++' Grade and all these achievements have resulted in REC securing 86th ranking in NIRF in 2023. The college has

also secured 12(b) status from UGC. The DSIR, GoI has recognised the College as a Scientific and Industrial Research Organisation (SIRO), considering its potential for Research and Development activities.

There are 15 Centres of Excellence in the college, in various emerging areas, actively engaged in carrying out extensive research and industrial consultancy activities. The establishment of 'IDEA' factory is a recent addition for innovative product development.

About The Department

The Department of Electronics and Communication Engineering (ECE) at REC was established in 1997. It offers an UG program in ECE and a PG Program in Communication Systems. The department is a recognized research center of Anna University for carrying out Doctoral programme leading to

Ph.D degree. The department is accredited by NBA.

The department promotes research and development in the areas like VLSI design, Wireless Technology and Fabrication of MEMS based devices. In recent years Research Projects worth 7 crores have been sanctioned from AICTE & DST.

Programmes Offered:

B.E. Electronics and Communication Engineering
M.E. Communication Systems
